

INSTALL ARV Studio

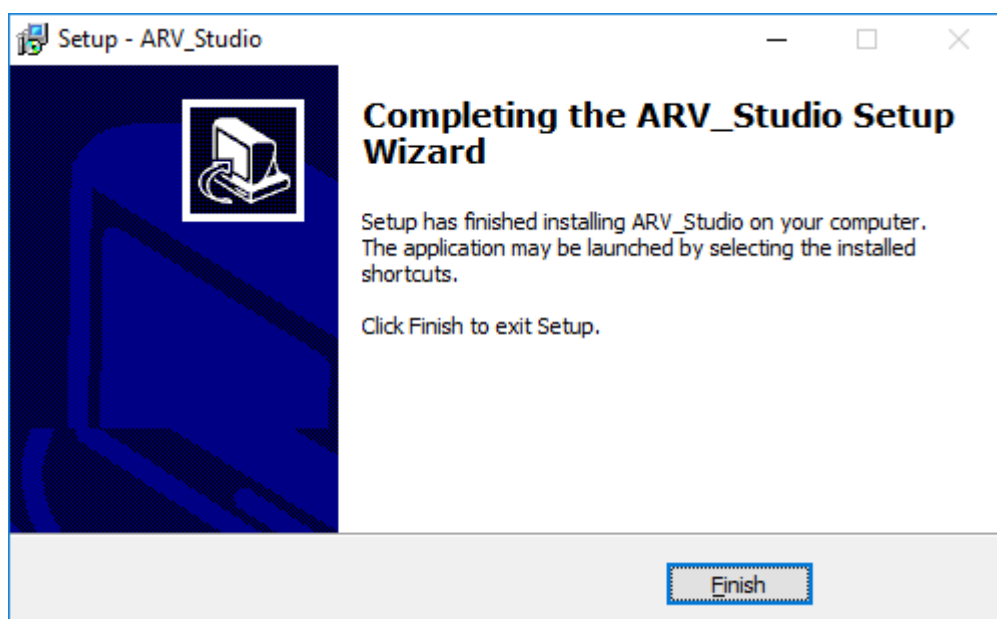

- locate and run ARV Studio Setup file: [ARV_Studio2.1_SETUP.exe](#) (or ARV_Studio2.1_DEMO_SETUP.exe)
- it's recommended to use default installation folder like: [C:\Program Files \(x86\)\ARV-Studio](#)

- go through all the next screens by clicking 'Next'
- keep checked: 'Create a desktop shortcut'

- installation is finished:

- ARV Studio is ready to run
